

TO THE
INHABITANTS
OF
NOTTINGHAM AND ITS VICINITY.

THE undersigned House-keepers resident in the Town of *Nottingham*, being desirous of ascertaining the true sense of their Fellow Townsmen, on the expediency of Petitioning his Majesty at the present Crisis, for the removal of his *Ministers* on the ground that they have been the Authors of our interference in the present War, and by their obstinacy and incapacity, are the principal obstacles to the speedy conclusion of it: and considering that the said Ministers have promoted by their influence, many successive, unwarrantable and alarming encroachments on the Constitution of our Country, so as to destroy the confidence which every true *Lover of British Liberty* might otherwise have placed in them.—They the said House-keepers do therefore request a Public Meeting of the *Inhabitants of Nottingham and its Vicinity*, to be held at the MALT CROSS, on Monday the 10th of April, at eleven o’Clock, to determine on the propriety of seconding those efforts, which have been already made for the above laudable purpose.
